Transform your learners from mere consumers of information to explorers of knowledge on each course topic as a community of inquiry.

"Yellowdig allowed me to interact with my peers virtually to have a sense of community where it wouldn't have been otherwise. It also allowed us to communicate about related, but not required, topics."

→ **The Opportunity**

The student experience extends beyond courses. There is a crisis of belonging across many campuses that needs to be addressed.

→ **Community Examples**

- Program or department-wide
- Student clubs and organizations
- Career, mentoring, or advising
- Alumni networking

→ **Impact**

Succeed communities lead to increased student engagement and belonging, which drive persistence and career success.

Connect your learners to people and resources outside of courses that will ensure their program success & prepare them for the right career opportunities.

**Yellowdig enables
students to **learn
together**, grow
together, and
thrive together.**
