

Help Learners Be Field-Ready Faster With Expert-Created Content In Your LMS

Unlock Industry-Proven Skilled Trades Training in Your LMS

Interplay Library brings expert-led, interactive trades training to your Learning Management System (LMS), making virtual, hands-on learning more accessible than ever. Through 3D simulations, video lessons, and knowledge checks, learners can practice real-world scenarios in a safe, engaging, and flexible learning environment.

Designed to complement your existing training programs, Interplay Library equips learners with the knowledge they need to confidently apply training concepts to real-world trades skills.

Hands-On Learning in a Virtual Environment

Interplay Library's immersive simulations allow learners to practice key skills without having to worry about making a dangerous or costly mistake. Administrators can easily make this training available to their learners by assigning Interplay courses, tracking learner progress, and enhancing their training programs all through the LMS that they are already using today.

Interplay can support a wide range of trades training programs with courses in the following areas: Appliances, Clean Energy, Commercial HVAC, Crane and Rigging, HVAC, Electrical, Facilities Maintenance, General Construction, HVAC, Industrial, Multi-Family Maintenance, Plumbing, Safety, and Solar.

- ✓ **Streamline Training Delivery**
Integrate videos and engaging, immersive 3D simulations into your SCORM 1.2 and LTI 1.1, 1.3, and Advantage-compliant Learning Management System platforms.
- ✓ **Provide Expert-Led Instruction**
Give learners access to expert-created content that can help them be field-ready faster and prepare them to earn industry-recognized credentials.
- ✓ **Create Safer Training Experiences**
Help learners practice new skills with confidence in a virtual environment that allows them to be hands-on without any safety risks.

What's Included With Interplay Library?

With Interplay Library, organizations gain access to expert-crafted, engaging content—plus a dedicated partner supporting them every step of the way. With Interplay Library, you will get:

- **Access to Interplay's content:** Add courses from any of Interplay's content catalogs into your Learning Management System.
- **Technical support and account management:** Ensure smooth integration and ongoing success with support from Interplay's expert implementation and customer success teams.

Since this solution is designed to work within your LMS, managing the content will be handled using your LMS's existing administrative tools. If you're looking for a comprehensive training platform with built-in management capabilities, our team would be happy to help you explore the best solution for your needs.

Content That Employers Trust and Learners Love

Interplay Learning partners with thousands of companies, schools, and organizations across the nation. Our content is created by subject-matter experts and has helped over 590,000 learners learn new skills, stay safer during the training process, earn industry-recognized certifications, and be more productive members of the workforce.

Take your program to the next level with Interplay Learning
